2. Class activity: for those in person, take turns going around the room asking the “how are you” questions with a partner. 1st person asks, 2nd answers. Switch. 2nd person asks, 1st answers. Switch partners. For those online they can ask and answer with me until everyone has gone.
3. Introduce “what” questions.
 - a. Dohadvne - what are you doing?
 - b. Dohadvnehe - what were you doing?
 - c. Do tadvneli - what are you going to do?
 - d. Do tsadvnele - what did you do? (in a distant past tense)
 - e. Do hadvg - what did you do? (recent past)

I didn't leave any answers to these questions here because not everyone will be doing, going to do, will have done the same things. So, here we will just come up with terms as a class for each questions like “i am shopping”, “i was shopping”, “i am going to eat”, “i just ate”, etc.
